Sprinkler System Maintenance Program:

Let us winterize your sprinkler system and get it going in the spring!

WINTER AND SPRING SERVICE IS INCLUDED IN OUR PROGRAM:

- Winterize service includes . . .
 - ✚ Turning off and draining system (late October)
- Spring service includes . . .
 - ✚ Turn on system, inspect for winter damage (we repair or replace the backflow device if damaged from freezing*)
 - ✚ Battery in timer checked
 - ✚ Set or adjust your timer if requested
 - ✚ We make sure grass is trimmed around sprinklers and manually run each zone to check for clogged nozzles
 - ✚ Spring service is usually done March thru May. We will send you a notice prior to coming and leave a card after we are there!

*Our program requires the sprinkler system to have a shut off and manual drains below the backflow device. System must be in working order. Repairs or alterations to an existing damaged system repaired at an additional charge. This includes adding sprinklers or adjusting sprinkler heights due to plant growth.

Three ways to Sign Up:

- ✚ Call and talk to Bruce 541-954-1117
- ✚ E-mail us at yard4uguy@hotmail.com
- ✚ Mail the information below

Cost of the Program: Varies

You are billed in January!
You do not need to be home to have this service done.
